MEETING ROOMS & LOCATIONS

Room Locations: Parish - Facilities & Scheduling

Our new meeting spaces in the former parish office area was recently named the "Holy Family Center". Due to concern about potential confusion with the "cry room" in the church (which is named the "Holy Family Chapel"), the new meeting space has been renamed the "Saint Joseph Center" abbreviated here as "SJC".

BULLETIN REMINDERS

Requests for information to be included in the parish bulletins must be received by Monday at 9:00 am. Forms are available on our website under the “Contact us” menu. Requests need to be submitted exactly as you would like the information to appear and include the desired dates for it to be published. Thank you!

WELL, CHECK YOU OUT!

No, seriously. Take a look at your skin. Check it. All of it. See anything unusual? Any new spots? Any moles that look different than you remember?

Knowing how your skin normally looks is the first step to spotting a potential problem. And that's a good thing. Skin cancer is highly treatable when caught early, according to the American Academy of Dermatology.

TAKE A GOOD, LONG LOOK...

The key to a good skin check is thoroughness. Inspect your skin on a regular basis. Area by area, look at your:

- Trunk - front, back and both sides
- Face, neck, ears and scalp
- Fingernails, palms, and upper and lower arms
- Legs, buttocks and genital area
- Feet, including toenails, soles and between the toes

Some areas, like the scalp, can be difficult to check by yourself. Use a handheld mirror for those hard-to-see areas - or ask a loved one to help you out.

Look for moles that are different or changing - or that itch or bleed. See your doctor if you notice anything out of the ordinary.

WHO'S LOOKING?

Everyone should keep an eye out for skin changes. Fair-skinned people are at higher risk of skin cancer - but anyone can get it. Let your doctor know if you have any of these risk factors:

- A large number of moles - or large, flat moles with irregular shapes
- Past sunburns, especially in childhood
- A personal or family history of skin cancer
- Prior artificial sunlight use, such as tanning beds

INDEPENDENCE DAY 2018

LIFE, LIBERTY, AND THE PURSUIT OF HAPPINESS

Without life, there can be no liberty, or happiness to pursue. That is why our founding fathers listed life as the first of our unalienable rights, under God.

Sadly, today our most basic right — **our right to life** — is being eroded. In the past 40 years, more than 60 million American babies have been killed in abortions. Right here in Pennsylvania, we lose **OVER 30,000 PRECIOUS BABIES TO ABORTION EVERY YEAR**. And the lives of vulnerable elderly and disabled Americans are also threatened by the growing push for euthanasia and assisted suicide.

As we celebrate our freedoms on the 4th of July, we also must remember to keep working and praying that every human life will be protected under the law, as our forefathers intended.

Please help protect these innocent victims from abortion and the threat of euthanasia in our state and nation. Please pray that freedoms will be restored in our country. And consider volunteering with a pro-life group in your area. For details, visit our website at www.paprolife.org, call us at 717-541-0034, or email lifelines@paprolife.org.
